The Team: Johns Hopkins closed out a storybook season with a thrilling run at the Final Four that culminated with the program's eighth NCAA Championship and 43rd overall national championship. The Blue Jays defeated Virginia, 9-8 in overtime, in the semifinals before coming back with an identical 9-8 win over Duke in the NCAA Championship Game.

Title Town: The win over Duke gave the Blue Jays their eighth NCAA Men's Lacrosse championship (1974, 1978-80, 1984-85, 1987, 2005) and 43rd overall national championship in the sport.

Perfection: The Blue Jays didn't enter the season with a goal of going undefeated, but after 16 games they had done just that. The undefeated season is just the third for the Blue Jays since the NCAA Tournament debuted in 1971 (1979/13-0 and 1984/14-0). Since the program was formed in 1883 Johns Hopkins has gone through a season undefeated and untied just nine times (1906, 1926, 1927, 1932, 1933, 1941, 1979, 1984, 2005).

JHU Sets Victories Record: The win over Virginia in the NCAA Semifinals was JHU's school-record 15th of the season and the Blue Jays polished off their national championship season with the win over Duke that gave them 16 wins on the year. **Hopkins had previously won 14 games in a season three times in its history** (1980, 1984, 2003).

Rare Feat: Johns Hopkins became the 11th team since the NCAA began sanctioning the men's lacrosse championship (1971) to win the title with an undefeated record. Prior to this season the last was Princeton in 1997 (15-0).

More Rare: Johns Hopkins became just the third team to post a perfect 16-0 record and win the NCAA title. Cornell was the first in 1976 and North Carolina matched the mark in 1991.

These are the Facts: Johns Hopkins completed the 2005 season with an all-time record of 849-263-15 (.760) in 118 seasons of play. The Blue Jays own eight NCAA Championships, 29 USILA titles and six ILA titles for a total of 42 national championships.

Streaking: The Blue Jays' 16-0 record in 2005 is the best in school history (in terms of total wins). The 16-game winning streak is also the longest winning streak by a Johns Hopkins team since 1984-85, when the Blue Jays ripped off 19 straight wins. The school record for consecutive wins is 25, originally set from 1932-34 and matched from 1978-80. **Hopkins' current 16-game winning streak is the eighth-longest in school history.**

34 In a Row: This year's tournament bid was the 34th straight for the Johns Hopkins men's lacrosse team. This is not only the longest streak in lacrosse it is the **longest active streak of qualifying for an NCAA Tournament in any Division I team sport** (see page 5 side-bar for more information).

* Johns Hopkins is 28-0 against unranked teams since 1997. Rankings for all opponents prior to that are not available. Only games against Division I opponents included in this category.

26th Semifinal Appearance: Johns Hopkins made its record 26th trip to the NCAA Semifinals this season. The Blue Jays were the only team returning from last season's final four and made their fourth straight trip to the semifinals and sixth in the last seven years. Johns Hopkins boasts an all-time record of 16-10 in semifinal games. For comparison, **only three other teams have even qualified for the tournament 26 or more times:** Virginia (28), Maryland (28) and Syracuse (26).

Blue Jays Earn Top Seed: Johns Hopkins locked up the number one seed in the NCAA Tournament with the win over Loyola in the regular season finale. The Blue Jays have been seeded number one in each of the last four years and 11 times since the tournament began in 1971. This is the second time in JHU history the Blue Jays have been seeded number one in four straight tournaments. Hopkins earned the top seed in 1983, 1984, 1985 and 1986. **These represent the only two times in the history of the tournament a team has earned the number one seed four straight times.**

Fastest 60: With the win over Marist in the first round of the NCAA Tournament, **Dave Pietramala** tied **Ray Van Orman** (1926-34) as the third-fastest coaches to reach 60 wins in Johns Hopkins history. **Don Zimmerman** (1984-90) won 60 of his first 68 games, while **Henry Ciccione** (1975-83) won 60 of his first 69. Van Orman needed 70 games to get 60 wins, a mark Pietramala tied with the win over Marist. Pietramala now sports an overall coaching record of 86-27 (.761), including a 63-10 (.863) mark at Hopkins.

Classic Comeback: The Blue Jays' come-from-behind win over Syracuse on March 18 was Hopkins' biggest come-from behind victory in over six years. JHU trailed 7-1 late in the 2nd quarter before rallying for a 12-11 overtime victory. The last time JHU had erased a six-goal deficit to win a game was on March 6, 1999, when the Blue Jays erased a 9-3 deficit and beat Princeton, 12-11.

Home Sweet Home: The win over Massachusetts extended Hopkins' school-record home winning streak to 36 games. The last time the Blue Jays lost a game at home was on March 24, 2001 when Virginia slipped past the Blue Jays, 9-8 in quadruple overtime. That game ranks as the longest in both Johns Hopkins and Virginia history and also represents the only game the Blue Jays have lost at Homewood Field under head coach Dave Pietramala.

Below is a list of JHU's all-time longest home winning streaks.

More Home Sweet Home: In addition to boasting the longest active home winning streak in the nation and the longest home winning streak in school history, JHU's current 36-game home winning streak is the second-longest in Division I history (since 1971). Since 1971, when the NCAA began tracking such records, Johns Hopkins boasts three of the four all-time home winning streaks of 30 or more games. Below is the list of the five longest home winning streaks in Division I history:

Regular-Season Roll: Johns Hopkins is 48-3 (.941) in its last 51 regular season games. This is the best 51-game regular season run for Johns Hopkins since JHU won 49-of-51 regular season games covering a span from 1977-82.
